CAREER OBJECTIVE

B. Tech Computer Science student passionate about Ethical Hacking and Penetration Testing, with strong foundations in Computer Networks, Operating Systems, DSA, DBMS, and OOP. Hands-on experience with security labs, vulnerability assessment, and system enumeration.

TECHNICAL SKILLS

Programming: Python, Java

Networking: TCP/IP, OSI Model, Cisco Packet Tracer

Security Tools: Nmap, Burp Suite, Metasploit, John The Ripper, Hashcat, Nessus, Nikto, Hydra, Wireshark

Security Concepts: Privilege Escalation, Vulnerability Assessment, Password Cracking

Systems: Linux (Kali/Ubuntu), Windows

Core Computer Science Fundamentals: Data Structures & Algorithms, Operating Systems, Database Management Systems, Computer Networks, Object-Oriented Programming

Platforms: Hack The Box, TryHackMe

Version Control: Git, GitHub

PROJECTS

SubPulse — Passive Subdomain Enumeration Tool (Python)

- Built a modular CLI tool to enumerate subdomains from Certificate Transparency logs with automated cleaning and deduplication.
- Implemented optional HTTP/HTTPS probing to identify alive hosts.
- Designed an extensible architecture separating enumeration, processing, and output modules.

Tech Stack: Python, Requests, Rich, Pyfiglet, Command-Line Interface (CLI)

Outcome: Improved reconnaissance efficiency by automating passive subdomain discovery and live host detection.

GitHub Repository: github.com/ChetanSharma200/SubPulse

NetProbe — Network Port Scanner (Python)

- Built a multithreaded TCP connect port scanner to identify open ports across target hosts and networks.
- Implemented banner grabbing for common services to extract protocol and version information.
- Added heuristic OS fingerprinting and structured CLI output to support network reconnaissance workflows.

Tech Stack: Python, Sockets, Threading, JSON

Outcome: Automates network reconnaissance by identifying open ports and probable host operating systems.

GitHub Repository: github.com/ChetanSharma200/NetProbe

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science and Engineering

IMS Engineering College, Ghaziabad (Affiliated to AKTU, Lucknow)

CGPA: 8.28 | Expected Graduation: 2027
